

## Art Contest Created to Help Raise Awareness of the Dangers of Drugs & Alcohol

The Pamela Stouch Drug Awareness Committee sponsored an Anti-Drug & Alcohol Awareness Art Calendar Contest for the students of the Penn-Delco School District. All students within the district were eligible to participate and three winners from the elementary, middle, and high school levels received monetary prizes to be applied to the purchase of any school related supplies, fees, or events.

Pamela Stouch was a 2008 Sun Valley High School graduate who passed away in 2010. All funds that were donated to Penn-Delco in Pamela's memory will be used to educate students regarding the impact drugs and alcohol have on our individuals and community. All of the winning student artwork will be featured in a 2011-2012 calendar which will be available in the fall.
