

WELCOME

Penn Delco utilizes the Raptor Technologies Visitor Management System in all schools to keep everyone safe. Please have a photo ID ready to check in.

Every visitor must stop at the main office before entry for an identification process and to be issued a pass.

Present your drivers license or other form of picture identification to be scanned by the visitor management system.

Visitors listed as sex offenders in any state, with outstanding warrants or who are banned at the school will be denied access.

Cleared visitors receive a badge to indicate permission to enter.

A record of all visitors is maintained and students and faculty are safer.
