

Now students in grades K - 8 can access Power Kids Library by simply logging into their pdsd students gmail account and clicking Power Library. There is no need for an ecard number or library card number to use Power Kids!

Power Library gives kids the POWER with a web page dedicated to serving their information and learning needs:

- Need help with research? Use Chat with a Librarian to chat live with a librarian.
- Need to find a book? Use Books, movies and more to locate books anywhere in Pennsylvania.
- Need facts about Pennsylvania? Use Discover Pennsylvania for Kids.
- Need to find images, articles, maps, science fair ideas? Use E-Resources.

There is so much more! The CyberSmarts e-resource shows kids how to be safe and responsible while online by providing simulations that allow students to immediately practice the skills they learn through the text. BookFLIX pairs animated videos and classic eBooks to help learning readers. The fiction and nonfiction pairings strengthen early literacy skills while exposing young learners to real world concepts.

Log in today and explore all Power Kids has to offer! Want more information? [Go to pdsd.org/powerkids](https://pdsd.org/powerkids)

Access from
home with your
pdsd students
gmail account!

Log in to your
pdsd student account

Click the waffle image at
the top right

Scroll down and click the
PowerLibrary Symbol

It may ask you to log into
pdsdstudent again and then
Power Library will open
