

IT'S RESIDENCY REVERIFICATION TIME

What is residency reverification?

Penn-Delco School District annually requires select parents and guardians to reverify their address. The reverification process is a critical and effective practice to ensure that our school district is providing an education only to those students who reside within the district boundaries. For the 2021-2022 school year, residency ***reverification is required for students in grades 2-11 with a last name that begins with any letters S- Z.***

All rented/leased residences, multiple occupants, and 1302 guardians are required to reverify annually.

Email will be sent the week of November 8, 2021.

The deadline to complete this process is
Friday, December 3, 2021
