The French and Indian War

Starter

• Take out notebooks, set up Cornell Notes
• Essential Question: How does the balance of power shift in North America after the French and Indian War?

• Notes p. 95-97
• Who, Why, Where, When of the French and Indian War
• How did the war end?

French and Indian War

• 1754-1763
• Description: French/Indian fought the British over the Ohio River Valley. The British were victorious.
• Effect: Expanded British territory, however the war was very expensive.

Common Misconception:
The French and Indian War was NOT the French vs. the Indians.
It was the French and the Indians vs. The British!

The Proclamation of 1763

• 1763
• Description: Colonists could not settle west of the Appalachian Mountains.
• Effect: Colonists were already settling and moving west, and called this an act of “Tyranny.” British army expands to 7,500 in colonies.

Data Based Question: French and Indian War

Analyze the map of N. America before and after the French and Indian War. Based on what you see, how does the balance of power shift after the war. Cite specific examples from the map. (use p. 96 for a close up)
