This book reviews the following phonics rules: CVC words, digraphs, bonus letters, glued sounds /am/, /an/, /all/, and the suffix -s.

For each rule, students need to write words that show examples of the rule, and then write a sentence that contains an example word.

There are also 2 fun pages at the end!

You can use this book as a review for the phonics rules learned up to this point, or print each page as the rule is learned.

CVC words

CVC words have a consonant-vowel-consonant pattern.

Example words: bat, lip, mop

Write more examples of CVC words:

__________________________  __________________________

__________________________  __________________________

__________________________  __________________________

__________________________  __________________________

__________________________  __________________________

Write a sentence that uses a CVC word:

__________________________  __________________________

__________________________  __________________________

__________________________  __________________________

__________________________  __________________________
Digraphs are two letters that go together that make a new sound.

ch, sh, th, wh, ck

Example words: chip, shot, with, whip, luck

Write more examples of words with digraphs:

________________  __________________
________________  __________________
________________  __________________
________________  __________________
________________  __________________

Write a sentence that uses a word with a digraph:

__________________________  __________________________
__________________________  __________________________
__________________________  __________________________
__________________________  __________________________
__________________________  __________________________
__________________________  __________________________
When a f, l, s, or sometimes z comes after a short vowel at the end of a word, it needs a bonus letter.

Example words: puff, hill, mass, buzz

Write more examples of words with bonus letters:

__________  __________

______  ________

________

Write a sentence that uses a word with a bonus letter:

__________  __________

______  ________

________

__________  __________

______  ________

________

jackie.nelson
Glued Sound /all/

When the letters all are in a word, the sounds are so close together that they only get 1 tap.

Example words: mall, ball

Write more examples of words with the glued sound -all:

____________________  __________________
- - - - - - - - - - - - - - - - - -

____________________  __________________
- - - - - - - - - - - - - - - - - -

____________________  __________________
- - - - - - - - - - - - - - - - - -

____________________  __________________
- - - - - - - - - - - - - - - - - -

Write a sentence that uses a word with the glued sound -all:

____________________  __________________
- - - - - - - - - - - - - - - - - -

____________________  __________________
- - - - - - - - - - - - - - - - - -

____________________  __________________
- - - - - - - - - - - - - - - - - -

____________________  __________________
- - - - - - - - - - - - - - - - - -
Glued Sound /am/

When the letters am are in a word, the sounds are so close together that they only get 1 tap.

Example words: ham, ram

Write more examples of words with the glued sound -am:

___________________________  ___________________________
  - - - - -                 - - - - -
___________________________  ___________________________
  - - - - -
___________________________  ___________________________
  - - - - -
___________________________  ___________________________

Write a sentence that uses a word with the glued sound -am:

___________________________  ___________________________
  - - - - - - - - - - - - - - -
___________________________  ___________________________
  - - - - - - - - - - - - - - -
___________________________  ___________________________
  - - - - - - - - - - - - - - -
___________________________  ___________________________
  - - - - - - - - - - - - - - -
Glued Sound /an/

When the letters an are in a word, the sounds are so close together that they only get 1 tap.

Example words: fan, tan

Write more examples of words with the glued sound -an:

_________________  ____________
- - - - - -         - - - - - 
_________________  _________________________
- - - - - -         - - - - - 
_________________  _________________________
- - - - - -         - - - - - 

Write a sentence that uses a word with the glued sound -an:

________________________________________
- - - - - - - - - - - - - - - - - - - - - - - -
When the suffix -s gets added to the end of the word it makes the word plural, meaning more than 1. When s is a suffix it can make the sound /s/ like in shops or /z/ like in bugs.

Example words: pens, shells, chips

Write more examples of words with suffixes:

--------------------------  --------------------------
- - - - - -  - - - - - -
--------------------------  --------------------------
- - - - - -  - - - - - -
--------------------------  --------------------------
- - - - - -  - - - - - -
--------------------------  --------------------------
- - - - - -  - - - - - -

Write a sentence that uses a word with a suffix:

--------------------
- - - - - - - - - -
--------------------
- - - - - - - - - -
--------------------
- - - - - - - - - -
--------------------
- - - - - - - - - -
Match the word to the rule, or rules, that it is following!

<table>
<thead>
<tr>
<th>Word</th>
<th>Rule(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>tan</td>
<td>CVC words</td>
</tr>
<tr>
<td>ram</td>
<td>Digraphs</td>
</tr>
<tr>
<td>fill</td>
<td>Bonus letter</td>
</tr>
<tr>
<td>shops</td>
<td>Glued sound /am/</td>
</tr>
<tr>
<td>path</td>
<td>Glued sound /an/</td>
</tr>
<tr>
<td>top</td>
<td>Glued sound /all/</td>
</tr>
<tr>
<td>fall</td>
<td>Suffix -s</td>
</tr>
</tbody>
</table>
Color the picture by the rules in the box!

- bonus letter - red
- glued sound /am/ - orange
- glued sound /an/ - yellow
- glued sound /all/ - light brown
- suffix -s - dark brown
